EXPLANATION OF TERMS

Bank – ING Bank Śląski Spółka Akcyjna (we)

Moje ING – the client version of the system available through a web browser, adjusted for all devices (computer, smartphone, tablet)

Moje ING mobile – the user version of the mobile application for smartphones

user – an entity within the meaning of Article 1.44 of the *Terms and Conditions of Providing Services of the ING Bank Śląski S.A. Internet Banking System for Refugee Account Holders*

When we refer to a bank outlet in the Announcement in relation to a particular action – information on which outlets carry out particular actions can be found in the List of actions carried out in outlets and via the bank's helpline. The list is available on notice boards at the outlets and on our website.

TECHNICAL REQUIREMENTS

Technical requirements related to communication with the System or certain applications, programs, file types or related to Internet browsers and operating systems.

MOJE ING

FILE FORMATS

IN AN ELECTRONIC SAFE

doc, docx, ls, xlsx, pdf, txt, csv, bmp, gif, png, jpg, jpeg, tiff, tif, ppt, pptx, odt, ods, odp

The online banking system functions properly only on stable operating systems.

The bank does not recommend using it on test versions (such as alpha or beta releases).

Security key standard

The security keys used by the user must comply with the FIDO2 standard, approved by the FIDO Alliance and the World Wide Web Consortium (W3C). The keys can be connected to a computer or mobile device via one of the USB-A, USB-C or Lightning ports, or using a Bluetooth or NFC connection.

In special cases, for security reasons, the Bank may not allow the use of a particular type of key.

LIST OF INSTRUCTIONS ORDERED VIA THE HELPLINE AND CONFIRMED WITH AN AUTHORISATION CODE

Instructions made over the telephone via the Bank's helpline such as: unblocking the card, temporary blocking of the card, cancelling the card, activating/deactivating contactless payments on the card, changing the limits for card transactions, cancelling an ID document, setting or deleting the daily limit for transactions, are given by transmitting such an instruction to a Bank employee together with a text message verification code, if the process requires it. The above-mentioned text message verification code will be sent by the Bank to the client's phone number for authentication in the Internet Banking System.

INTERNET BANKING SYSTEM CERTIFICATION

The issuer of the certificate for the Internet Banking System is Identrust.

CHAT IN THE INTERNET BANKING SYSTEM

The chat room is open Monday to Friday from 8.00 am to 10.00 p.m., Saturdays from 8.00 am to 16.00 pm.

RULES ON THE USE OF THE ARCHIVES

1. Thanks to the Archives, the user has access, after closing the Internet Banking System, to the documents stored in the electronic mail delivery system.
2. In order to log in to the Archives, the user must first provide us with his/her data with which he/she will log in – an e-mail address and a telephone number for authentication. The user may provide these details when closing the Online Banking System. After closing the access to the System, he/she will be able to provide these data only at a bank outlet providing this service.
3. The user logs on to the Archives at login.ingbank.pl/archives by means of the e-mail address provided earlier and a one-time password received on the telephone number for authentication.
4. The user can block access to the Archives after logging in via the *Block* button. Access to the Archives may also be blocked for the same reasons as the Online Banking System.
5. Instructions on how to unblock the Archives or change the login details for the Archives are only accepted at a bank outlet providing this service.
